October 2024

Thank you for visiting the Smiles of Innocence Memorial Charity website and for learning more about the incredible work that continues to be accomplished by an inspiring and committed group of individuals.

Smiles of Innocence Memorial Charity formed when the Povegliano family lost their son Daniel, who sadly passed away at four years old. The family formed this memorial charity to honor the life and memory of their son. Since inception, Smiles of Innocence has raised more than \$5 million dollars for the Hospital for Sick Children, making them one of the leading community fundraising groups at SickKids Foundation.

The Hospital for Sick Children, also known as SickKids, is a world-leading research and teaching hospital. Our excellence in research attracts leading health-care professionals, scientists, and educators from all over the world. Support from our community partners is at the core of our success, and the Smiles of Innocence Memorial Charity is an outstanding example of the positive impact a dedicated group can have.

The funds raised from Smiles of Innocence are used for urgent needs and care, they have been used across many different units and areas of the hospital, including purchasing life-saving equipment for our patients. In addition, donations from Smiles of Innocence have been invested in medical and scientific advances to improve the lives of children and their families in Canada and around the world. The impact you are making goes beyond the walls of our hospital, and our backyards.

The combination of cutting-edge research, world-class personnel, and unparalleled care has always been the hallmark of SickKids. Smiles of Innocence continues to play an integral role in helping us achieve this excellence. We are humbled and grateful for the continued support and generosity of this remarkable organization.

Thank you for continuing to believe in the power of SickKids, it is through your commitment and this community initiative that we can continue to make a profound difference in the lives of children and their families.

Thank you for supporting the SickKids' vision: Healthier children. A better world.

Kind regards,

A handwritten signature in black ink that reads "Ariana Ayoub".
